

This is a modified version of the application and is provided to introduce potential applicants to the questions contained in the on-line application. In Section C (Performance Commitments) of this version, only the first commitment form is the standard, blank table for proposing future commitments. The other forms in Section C contain tables that not all applicants will need to complete. The areas of energy use, greenhouse gases, and waste each have specialized tables to be completed by applicants submitting commitments in those areas. Those tables have been included here to inform applicants, but their inclusion does not mean that applicants are in any way required to select commitments in those particular areas.

If you do not have access to the on-line application, please contact the Performance Track Information Center (PTIC) at ptrack@indecon.com or 1-888-339-PTRK (7875) for assistance.

Application Form

Name of facility*

Name of parent company (if any)

Facility Location, Street Address

Facility Location, Street Address (continued)

Facility Location, City/State/Zip code

Give us information about your contact person for the National Environmental Performance Track Program.

Name *Mr./Mrs./Ms./Dr.* _____

Title _____

Phone _____

Fax _____

E-mail _____

Facility/Company Website _____

Mailing Address (if different from facility location):

Street Address: _____

Street Address (continued): _____

City/State/Zip: _____

* If you are applying for multiple facilities, you must call 1-888-339-PTRK (7875)

Why do we need this information?

EPA needs background information on your facility to evaluate your application.

What do you need to do?

- ♦ Provide background information on your facility.
- ♦ Identify your environmental requirements.

Section A

Tell us about your facility.

1 What ways have you learned about Performance Track?
(select all that apply)

- ☐ At a professional conference
- ☐ Marketing mailer
- ☐ Through a trade association
- ☐ Market phone call or email
- ☐ Internally within your company
- ☐ News media / professional journal
- ☐ From a peer in your sector
- ☐ Environmental consultant
- ☐ Other (please specify)

2 What do you do or make at your facility?

3 List the North American Industrial Classification System (NAICS) codes that you use to classify business at your facility.

NAICS

Section A, continued

- 4 How many employees (full-time equivalents) currently work at your facility? If you have fewer than 50 employees at your facility, then you are considered a "small facility" by the Performance Track Program.
- ☐ Fewer than 50
- ☐ 50-99
- ☐ 100-499
- ☐ 500-1,000
- ☐ More than 1,000
- 5 Complete the Environmental Requirements Checklist at the end of this application.
- 6 Optional: Is there anything else you would like to tell us about your facility? Do you participate in other voluntary programs at the local, tribal, State, or Federal level? Have you received any environmental awards?

Why do we need this information?

Facilities need to have an operating Environmental Management System (EMS) that meets certain requirements.

What do you need to do?

- ♦ Confirm that your EMS meets the Performance Track requirements.
- ♦ Confirm that you have had an independent assessment of your EMS.

Section B

Tell us about your EMS.

Read the EMS requirements in the instructions for this page.
Tell us if your EMS meets these requirements for:

- 1** Environmental policy _____ ☐ Yes ☐ No
- 2** Planning _____ ☐ Yes ☐ No
- 3** Implementing and operation _____ ☐ Yes ☐ No
- 4** Checking and corrective action _____ ☐ Yes ☐ No
- 5** Management review _____ ☐ Yes ☐ No
- 6** Have you done a comprehensive review of all activities conducted at your facility that could impact the environment? (i.e., have you done an indicators analysis?) ☐ Yes ☐ No
- 7** Have you classified your indicators based on their potential harm to the environment, on community concerns, and/or on other objective factors? (i.e., have you determined your significant indicators?) ☐ Yes ☐ No
- 8** When did you last update your indicator analysis? (mo/yr)
- 9** Have you completed at least one EMS cycle (plan-do-check-act)? ☐ Yes ☐ No
- 10** Did this cycle include both an EMS and a compliance audit? ☐ Yes ☐ No

Section B, continued

11 Have you completed an independent assessment of your EMS?

☐ Yes ☐ No

If yes, what method of EMS assessment did you use?

☐ ISO 14001 Certification
☐ Other

12 What was the date of your last assessment? (mo/yr)

13 Who performed this assessment?

Why do we need this information?

Facilities need to show that they are committed to improving their environmental performance. This means that you can describe past achievements and will make future commitments.

What do you need to do?

Refer to the Environmental Performance Table in the instructions for this page to answer question 1.

Section C

Tell us about your past achievements and future commitments.

Part 1 You must report past achievements for at least two environmental indicators, and you must choose these indicators from the Environmental Performance Table. Please quantify each of your indicators using the units listed for that indicator in the Environmental Performance Table.

Note to small facilities: If you are a small facility, you must report past achievements for only one environmental indicator.

First achievement

1 What category have you selected from the Environmental Performance Table?	
1b What indicator have you selected from the Environmental Performance Table?	
1c Please provide additional detail on your indicator (e.g., specific chemical to be reduced, specific waste component).	
1d What activities or process changes did you undertake at your facility to accomplish your commitment (e.g., technology changes in a particular process line, employee training)?	

Section C, continued

	Past	Current
2a Please provide information for these calendar years?	2001	2003
2b What units are you using to quantify this indicator? <i>**Please refer to the Environmental Performance Table for the acceptable units for each indicator.</i>		
2c List the past annual quantity of the indicator and the baseline annual quantity of the indicator.		
2d Estimate your past normalizing factor		1.0
2e What is your normalizing factor based on? (e.g., production, employment)		

Section C, continued

Second achievement

1 What category have you selected from the Environmental Performance Table?	
1b What indicator have you selected from the Environmental Performance Table?	
1c Please provide additional detail on your indicator (e.g., specific chemical to be reduced, specific waste component).	
1d What activities or process changes did you undertake at your facility to accomplish your commitment (e.g., technology changes in a particular process line, employee training)?	

	Past	Current
2a Please provide information for these calendar years.	2001	2003
2b What units are you using to quantify this indicator? <i>**Please refer to the Environmental Performance Table for the acceptable units for each indicator.</i>		
2c List the past annual quantity of the indicator and the baseline annual quantity of the indicator.		
2d Estimate your past normalizing factor.		1.0
2e What is your normalizing factor based on? (e.g., production, employment)		

Section C, continued

Part 2 You must make future commitments for at least four environmental indicators, and you must choose these indicators from the Environmental Performance Table. The indicators you select for your future commitments should be related to the objectives and targets in your EMS. Where possible, they also should be identified as having a significant environmental impact in your EMS. No more than two of your indicators can be from the same environmental category. If you're not sure how your objectives and targets fit into our indicators or whether your indicators are significant, call the PTrack Information Hotline at 1-888-339-PTRK.

Once you have chosen your four environmental indicators, then fill in all the necessary information for these indicators in the tables of this form. Please quantify each of your indicators listed for that indicator in the Environmental Performance Table. Each table that you must fill in corresponds to one of the environmental indicators you have chosen.

Note to small facilities: If you are a small facility, you must report future commitments for only two environmental indicators.

Commitment 1

1a What category have you selected from the Environmental Performance Table?	
1b What indicator have you selected from the Environmental Performance Table?	
1c All measurements should represent the performance level for the indicator across the entire facility. For many indicators, however, you may choose to focus your commitment on a specific subset of the indicator, e.g. a specific material, a specific group of toxic air emissions, a particular waste component, a specific VOC, etc. Does your commitment include everything covered by the indicator (e.g., all VOCs, all non-hazardous waste), or a specific substance or component (e.g., ethane, cardboard)? If your commitment is to a specific substance or component, please provide additional detail on your indicator (e.g., specific chemical to be reduced, specific waste component).	<input type="checkbox"/> All <input type="checkbox"/> Specific
1d What activities or process changes do you plan to undertake at your facility to accomplish your commitment (e.g., technology changes in a particular process line, employee training)?	
2a Does this commitment address a significant aspect in your EMS?	<input type="checkbox"/> Yes <input type="checkbox"/> No
2b If no, please explain why you believe this indicator should be included as a performance commitment.	

Section C, continued

	Baseline	Future
3a Please provide information for these calendar years.	2003	2006
3b What units are you using to quantify this indicator? <i>**Please refer to the Environmental Performance Table for the acceptable units for each indicator.</i>		
3c List the baseline annual quantity of the indicator and the annual quantity you are committing to achieve by the future year.		

4 Does the quantity presented in the future quantity column represent an actual goal or a normalized goal?	<input type="checkbox"/> Actual goal <input type="checkbox"/> Normalized goal (i.e., indexed to level of business in baseline year)
5 Whether your goal is actual or normalized, in your annual performance reports you will need to provide normalizing factors and normalized quantities of your annual data. (This provides information on changes in eco-efficiency at your facility). Your environmental performance for this commitment should be normalized based on the facility's productive output or, where necessary, on a substitute for production. Please briefly describe your intended basis for normalizing, e.g., gallons of chemical product produced; dollars of sales adjusted for inflation and weighted based on percentage of waste stream produced; number of households served.	
6a Are you subject to Federal, State, tribal, or local regulatory requirements for this indicator?	<input type="checkbox"/> Yes <input type="checkbox"/> No
6b If yes, please list those requirements, including the quantitative limits and compliance deadlines that apply to you. Explain how your commitment exceeds requirements.	

Section C, continued

Commitment 2

<p>1a What category have you selected from the Environmental Performance Table?</p>	<p>Energy Use <i>(Note: The category and indicator for this table have been completed in order to show the specialized table to be completed by applicants proposing a commitment to improving non-transportation energy use. This table has been included only to inform applicants, and <u>not</u> to suggest that applicants need to select a commitment in this area.)</i></p>
<p>1b What indicator have you selected from the Environmental Performance Table?</p>	<p>Total (non-transportation) Energy Use</p>
<p>1c All measurements should represent the performance level for the indicator across the entire facility. For many indicators, however, you may choose to focus your commitment on a specific subset of the indicator, e.g. a specific material, a specific group of toxic air emissions, a particular waste component, a specific VOC, etc.</p> <p>Does your commitment include everything covered by the indicator (e.g., all VOCs, all non-hazardous waste), or a specific substance or component (e.g., ethane, cardboard)?</p>	<p><input type="checkbox"/> All</p>
<p>1d What activities or process changes do you plan to undertake at your facility to accomplish your commitment (e.g., technology changes in a particular process line, employee training)?</p>	
<p>2a Does this commitment address a significant aspect in your EMS?</p>	<p><input type="checkbox"/> Yes <input type="checkbox"/> No</p>
<p>2b If no, please explain why you believe this indicator should be included as a performance commitment.</p>	

Section C, continued

In the table below, please enter the amount of energy that you currently use and that you intend to use in 2006. Break the energy use down by fuel type. Please note that you need only complete those lines that are relevant to your facility. If all of your energy is purchased from a local electricity generator, you may only need to complete the first line.

Is the goal of your energy use commitment to reduce total energy use, to use or invest in renewable energy fuel sources, or a combination of both?		<input type="checkbox"/> Reduce total energy use <input type="checkbox"/> Invest in renewable energy sources <input type="checkbox"/> Combination of both strategies		
3a Please provide Information for these calendar years.		Baseline 2003		Future 2006
3b Type of Energy		How much energy of each type does your facility use?		
		Baseline	Future	Units
Energy Generated Off-Site	Electricity			
	Steam			
	Total Energy Generated Off-Site			MMBTus
Sources of Energy Generated On-Site	Coal			
	Natural Gas			
	Crude Oil			
	Fuel Oil			
	Diesel			
	Propane / LPG			
	Gasoline			
	Hydrogen Powered Fuel Cells			
	Natural Gas / Methane Powered Fuel Cells			
	Steam			
	Biomass			
	Solar			
	Wind			

Section C, continued

	Landfill Gas			
	Geothermal			
	Hydroelectric			
	Other Fuel or Source Specify:			
	Total Energy Generated On-Site			MMBtus
Total Renewable Energy Use				MMBtus
Total Non-Renewable Energy Use				MMBtus
Total Energy Use				MMBtus
Tons of Carbon Equivalents				TCEs
Tons of Carbon Equivalents Offset Through Purchases of Electricity from Renewable Off- Site Sources				TCEs
Net Tons of Carbon Equivalents				TCEs

<p>4 Does the quantity presented in the future quantity column represent an actual goal or a normalized goal?</p>	<input type="checkbox"/> Actual goal <input type="checkbox"/> Normalized goal (i.e., indexed to level of business in baseline year)
<p>5 Whether your goal is actual or normalized, in your annual performance reports you will need to provide normalizing factors and normalized quantities of your annual data. (This provides information on changes in eco-efficiency at your facility).</p> <p>Your environmental performance for this commitment should be normalized based on the facility's productive output or, where necessary, on a substitute for production. Please briefly describe your intended basis for normalizing, e.g., gallons of chemical product produced; dollars of sales adjusted for inflation and weighted based on percentage of waste stream produced; number of households served.</p>	
<p>6a Are you subject to Federal, State, tribal, or local regulatory requirements for this indicator?</p>	<input type="checkbox"/> Yes <input type="checkbox"/> No
<p>6b If yes, please list those requirements, including the quantitative limits and compliance deadlines that apply to you. Explain how your commitment exceeds requirements.</p>	

Section C, continued

Commitment 3

<p>1a What category have you selected from the Environmental Performance Table?</p>	<p>Waste (Note: The category and indicator for this table have been completed in order to show the specialized table to be completed by applicants proposing a commitment to improving non-hazardous waste generation. This table has been included only to inform applicants, and <u>not</u> to suggest that applicants need to select a commitment in this area.)</p>
<p>1b What indicator have you selected from the Environmental Performance Table?</p>	<p>Non-Hazardous Waste Generation</p>
<p>1c All measurements should represent the performance level for the indicator across the entire facility. For many indicators, however, you may choose to focus your commitment on a specific subset of the indicator, e.g. a specific material, a specific group of toxic air emissions, a particular waste component, a specific VOC, etc.</p> <p>Does your commitment include everything covered by the indicator (e.g., all VOCs, all non-hazardous waste), or a specific substance or component (e.g., ethane, cardboard)?</p> <p>If your commitment is to a specific substance or component, please provide additional detail on your indicator (e.g., specific chemical to be reduced, specific waste component).</p>	<p><input type="checkbox"/> All <input type="checkbox"/> Specific</p>
<p>1d What activities or process changes do you plan to undertake at your facility to accomplish your commitment (e.g., technology changes in a particular process line, employee training)?</p>	
<p>2a Is this indicator considered significant in your EMS?</p>	<p><input type="checkbox"/> Yes <input type="checkbox"/> No</p>
<p>2b If no, please explain why you believe this indicator should be included as a performance commitment.</p>	

Section C, continued

In the table below, please enter your facility's amount of non-hazardous waste, broken down by waste management method. Please enter both the amounts that you manage currently and that you intend to manage in 2006. "Waste" is defined as all materials that are sent off-site that are neither product nor product packaging.

Is the goal of your non-hazardous waste commitment to reduce non-hazardous waste, to improve methods of waste management, or a combination of both?	<input type="checkbox"/> Reduce non-hazardous waste <input type="checkbox"/> Improve waste management methods <input type="checkbox"/> Combination of both strategies		
3a Please provide information for these calendar years.	Baseline 2003	Future 2006	
3b Method of Waste Management	How much of your waste is handled using each management method?		
	Baseline	Future	Units
Landfill			
Incineration			
Reused/recycled off-site			
Other management Specify:			
Total Non-Hazardous Waste			Tons

Section C, continued

<p>4 Does the quantity presented in the future quantity column represent an actual goal or a normalized goal?</p>	<p><input type="checkbox"/> Actual goal <input type="checkbox"/> Normalized goal (i.e., indexed to level of business in baseline year)</p>
<p>5 Whether your goal is actual or normalized, in your annual performance reports you will need to provide normalizing factors and normalized quantities of your annual data. (This provides information on changes in eco-efficiency at your facility).</p> <p>Your environmental performance for this commitment should be normalized based on the facility's productive output or, where necessary, on a substitute for production. Please briefly describe your intended basis for normalizing, e.g., gallons of chemical product produced; dollars of sales adjusted for inflation and weighted based on percentage of waste stream produced; number of households served.</p>	
<p>6a Are you subject to Federal, State, tribal, or local regulatory requirements for this indicator?</p>	<p><input type="checkbox"/> Yes <input type="checkbox"/> No</p>
<p>6b If yes, please list those requirements, including the quantitative limits and compliance deadlines that apply to you. Explain how your commitment exceeds requirements.</p>	

Section C, continued

Commitment 4

<p>1a What category have you selected from the Environmental Performance Table?</p>	<p>Waste (Note: The category and indicator for this table have been completed in order to show the specialized table to be completed by applicants proposing a commitment to improving hazardous waste generation. This table has been included only to inform applicants, and <u>not</u> to suggest that applicants need to select a commitment in this area.)</p>
<p>1b What indicator have you selected from the Environmental Performance Table?</p>	<p>Hazardous Waste Generation</p>
<p>1c All measurements should represent the performance level for the indicator across the entire facility. For many indicators, however, you may choose to focus your commitment on a specific subset of the indicator, e.g. a specific material, a specific group of toxic air emissions, a particular waste component, a specific VOC, etc.</p> <p>Does your commitment include everything covered by the indicator (e.g., all VOCs, all non-hazardous waste), or a specific substance or component (e.g., ethane, cardboard)?</p> <p>If your commitment is to a specific substance or component, please provide additional detail on your indicator (e.g., specific chemical to be reduced, specific waste component).</p>	<p><input type="checkbox"/> All <input type="checkbox"/> Specific</p>
<p>1d What activities or process changes do you plan to undertake at your facility to accomplish your commitment (e.g., technology changes in a particular process line, employee training)?</p>	
<p>2a Is this indicator considered significant in your EMS?</p>	<p><input type="checkbox"/> Yes <input type="checkbox"/> No</p>
<p>2b If no, please explain why you believe this indicator should be included as a performance commitment.</p>	

Section C, continued

In the table below, please enter your facility's amount of hazardous waste, broken down by waste management method. Please enter both the amounts that you manage currently and that you intend to manage in 2006. Include all hazardous waste that is treated on-site or sent off-site.

Is the goal of your hazardous waste commitment to reduce hazardous waste, to improve methods of waste management, or a combination of both?	<input type="checkbox"/> Reduce hazardous waste <input type="checkbox"/> Improve waste management methods <input type="checkbox"/> Combination of both strategies		
3a Please provide information for these calendar years.	Baseline 2003	Future 2006	
3b Method of Waste Management	How much of your hazardous waste is handled using each management method?		
	Baseline	Future	Units
Landfill			
Incineration			
Reused/recycled off-site			
Treated on-site			
Other off-site management			
Specify:			
Total Hazardous Waste			Tons

Section C, continued

<p>4 Does the quantity presented in the future quantity column represent an actual goal or a normalized goal?</p>	<p><input type="checkbox"/> Actual goal <input type="checkbox"/> Normalized goal (i.e., indexed to level of business in baseline year)</p>
<p>5 Whether your goal is actual or normalized, in your annual performance reports you will need to provide normalizing factors and normalized quantities of your annual data. (This provides information on changes in eco-efficiency at your facility).</p> <p>Your environmental performance for this commitment should be normalized based on the facility's productive output or, where necessary, on a substitute for production. <p>6b If yes, please list those requirements, including the quantitative limits and compliance deadlines that apply to you. Explain how your commitment exceeds requirements.</p>	

Why do we need this information?

Facilities need to demonstrate their commitment to public outreach and performance reporting. You should have appropriate mechanisms in place to identify community concerns, to communicate with the public, and to provide information on your environmental performance.

What do you need to do?

- ♦ Describe your approach to public outreach.
- ♦ List three references who are familiar with your facility.

Section D

Tell us about your public outreach and reporting.

1 How do you identify and respond to community concerns?

2 How do you inform community members of important matters that affect them?

3 How will you make the Performance Track Annual Performance Report available to the public?

- ☐ Website www.
- ☐ Newspaper
- ☐ Open Houses
- ☐ Other

Section D, continued

- 4 Are there any ongoing citizen suits against your facility? ☐ Yes ☐ No

If yes, describe briefly in the right-hand column.

- 5 List references below

	Organization	Name	Phone number
<i>Representative of a Community/ Citizen Group (e.g., neighborhood association, local chapter of Sierra Club, Trout Unlimited, etc)</i>			
<i>State/tribal/local Regulator</i>			
<i>Other community/local reference (e.g., local emergency management official or chamber of commerce)</i>			

Environmental Requirements Checklist

Use the Environmental Requirements Checklist to answer Question 5 in *Section A, Tell us about your facility*. This Checklist will help you identify the *major* Federal, State, tribal, and local environmental requirements that apply at your facility, but it is not an exhaustive list of all environmental requirements that may be applicable at your facility. The information you provide may help us develop additional regulatory benefits for Performance Track members.

Facility Identification Information

Yes No

- | | | |
|--------------------------|--------------------------|--|
| <input type="checkbox"/> | <input type="checkbox"/> | 1. Do you have a FRS identification number?
(A FRS (Facility Registry System) number identifies facilities, sites or places subject to environmental regulations or of environmental interest) |
| <input type="checkbox"/> | <input type="checkbox"/> | 2. Do you have a RCRA identification number?
(A RCRA number is used in the Resource Conservation and Recovery Information System for Resource Conservation and Recovery Act (RCRA) programs) |
| <input type="checkbox"/> | <input type="checkbox"/> | 3. Do you have a TRI identification number?
(A TRI number is used in the Toxics Release Inventory (TRI) for Emergency Planning and Community Right-to-Know Act) |

| | | 8. | List relevant state/local/tribal/other requirements: |

Section E

Application and Participation Statement.

On behalf of _____

I certify that

I have read and agree to the terms and conditions for Application and Participation in the National Environmental Performance Track, as specified in the *National Environmental Performance Track Program Guide* and in the *Application Instructions*;

- I have personally examined and am familiar with the information contained in this Application, including the Environmental Requirements Checklist. The information contained in this Application is, to the best of my knowledge and based on reasonable inquiry, true, accurate, and complete, and I have no reason to believe the facility would not meet all program requirements;
- My facility has an environmental management system (EMS), as defined in the Performance Track EMS requirements, including systems to maintain compliance with all applicable Federal, State, tribal, and local environmental requirements in place at the facility, and the EMS will be maintained for the duration of the facility's participation in the program;
- My facility has conducted an objective assessment of its compliance with all Federal, State, tribal, and local environmental requirements, and the facility has corrected all identified instances of potential or actual noncompliance;
- Based on the foregoing compliance assessment and subsequent corrective actions (if any were necessary), my facility is, to the best of my knowledge and based on reasonable inquiry, currently in compliance with applicable Federal, State, tribal, and local environmental requirements.

I agree that EPA's decision whether to accept participants into or remove them from the National Environmental Performance Track is wholly discretionary, and I waive any right that may exist under any law to challenge EPA's acceptance or removal decision.

I am the senior facility manager and fully authorized to execute this statement on behalf of the corporation or other legal entity whose facility is applying to this program.

Paperwork Reduction Act Notice

The public reporting and recordkeeping burden for this collection of information is estimated to average 40 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the Director, Collection Strategies Division, U.S. Environmental Protection Agency (2822), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.
